

THE WORKMEN'S COMPENSATION BOARD NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1973

Note 1 Authority

The Workmen's Compensation Board operates under the authority of The Workmen's Compensation Act, Chapter 397, Revised Statutes of Alberta 1970.

Note 2 Assessments Receivable

Assessments receivable and assessment revenue have been increased by \$4,468,063 being the net adjustment estimated to be required when all employers' payroll returns have been received and audits completed in respect to 1973.

No provision has been made for doubtful assessments receivable. The practice of the Board is to reduce assessment revenue as accounts are determined to be uncollectible. Recoveries are credited to revenue. The net write off for 1973 was \$46,442. (1972 - \$11,333)

Note 3 Investments

Investments are summarized hereunder:

	1	1972	
Government of Canada bonds, direct	Par Value	Amortized Cost	Amortized Cost
and guaranteed	\$ 41,334,500 72,652,500	\$ 40,995,903 72,917,224	\$ 40,975,495 72,978,144
	\$113,987,000	\$113,913,127	\$113,953,639

The approximate market value of the investments as at December 31, 1973 was \$95,987,255. (1972 - \$100,570,000)

Reserve for loss on realization of investments as at December 31, 1973, amounted to \$2,279,000 and was provided for possible future losses on realization of investments. There was no additional provision during the year. (1972 - \$8,000)

Note 4 Land, Buildings and Equipment

Land, buildings and equipment are detailed as follows:

,		 1973			1972
	Cost	cumulated preciation	Net sook Value	<u>B</u>	Net ook Value
Land Buildings Equipment	\$ 579,417 4,855,965 704,029	\$ 371,311 370,791	\$ 579,417 4,484,654 333,238	\$	548,699 4,572,175 327,169
	\$ 6,139,411	\$ 742,102	\$ 5,397,309	\$	5,448,043

The Board acquired land and commenced construction of an office building in Grande Prairie during the year and has a commitment to pay construction costs in an amount of \$170,010. Rehabilitation clinic capital expenditures amounting to \$2,425,557 have been charged to the reserve for rehabilitation. These assets are therefore not reflected in the Balance Sheet.

Note 5 Estimated Liability for Future Claims Costs

This estimated liability is an opinion of officials of the Board, based on the experience of recent years, of the amount required to meet all future claims costs in respect of 1973 and prior years' accidents with the exception of costs chargeable to the reserves shown on Statement 9 and those in respect of workmen of self-insurers. The liability is reviewed and adjusted annually.

Note 6 Pension Liability-Funded

The pension liability—funded was reviewed by an independent actuary as at December 31, 1968. The pension fund at that time was considered adequate and an amount of \$1,781,242 in excess of requirements has been retained in the fund in accordance with the actuary's recommendation. Pension capitalization procedures since December 31, 1968, have been based on the present value tables provided by the actuary.

Note 7 Operating Reserve

This reserve represents the balance at credit of classes after provision for the reserve for loss on realization of investments and is maintained to provide stability to the rating structure of the classes.

Note 8 Commitment

The Board has an undetermined liability for pensions in respect of service on the Board by Commissioners for which pension is not payable under The Public Service Pension Act.

PREFACE

Volume 3 of the Public Accounts of the Province of Alberta contains details of General Revenue Fund and Consolidated Cash Investment Trust Fund expenditure for the year ended March 31, 1974, and the period September 18, 1973 to March 31, 1974 respectively, and details of General Revenue Fund payments in respect of March 31, 1973, accounts payable, by payee.

GENERAL REVENUE FUND

In order to facilitate comparison of the statements by payee with the budgetary expenditure of the Province for the year the statements by payee have been prepared to include liabilities incurred but not paid at the end of the fiscal year (accounts payable). Prior year accounts payable are not included.

Since prior years' statements were prepared to show the details of cash payments, by payee, for the year, the March 31, 1973, statements did not include the March 31, 1973 accounts payable. Separate statements have, therefore, been prepared to show details of current year payments in respect of March 31, 1973, accounts payable.

To provide more information regarding expenditure, statements have been included to show details of expenditure, by payee, by department and by selected expenditure codes within the department.

Separate statements have been included to show details of expenditure, by payee, for purchases of bonds, debentures, shares and mortgages and for purchases of short term investments. Short term investment transactions are being reported in the Public Accounts for the first ime this year.

To conform with the established policy of not including details of salary and wage payments to individual employees with these statements inclusion of details of payments made in accordance with the provisions of The Public Service Pension Act, The Local Authorities Pension Act and The Public Service Management Pension Act has been discontinued.

Details are reported for all accounts in excess of \$5,000 for the year, whereas previously, only accounts in excess of \$10,000 were reported.

CONSOLIDATED CASH INVESTMENT TRUST FUND

A statement has been included to show details of Consolidated Cash Investment Trust Fund expenditure, by payee, for the period September 18, 1973 to March 31, 1974.

The Consolidated Cash Investment Trust Fund operates under the authority of The Financial Administration Amendment Act, 1973, Chapter 25, Statutes of Alberta 1973 which became effective September 18, 1973.
